

# The OIG Quarterly

Architect of the Capitol (AOC) Office of Inspector General (OIG)

QUARTERLY NEWSLETTER

AUGUST 2023

## MESSAGE FROM THE INSPECTOR GENERAL

We're excited to unveil the first of a quarterly installment of *The OIG Quarterly* — a newsletter aimed at sharing important and noteworthy updates and information from the AOC's OIG. Our purpose at the OIG is to combat fraud, waste and abuse in AOC programs and operations. We rely on your help as AOC employees to monitor and report any activities that do not align with our agency's policies, goals and missions. In these newsletters, we'll keep things brief and to the point. Nevertheless, we're also excited to kick off this initiative to share our findings and collective success with you.

— Christopher Failla, CIG AOC Inspector General

## EMPLOYEE SPOTLIGHT

This quarter, we are proud to highlight Dr. Michael J. Rich, CIG, PMP, CFE, SHRM-SCP, who has been part of the OIG team for approximately five years. As the Deputy Inspector General, Dr. Rich provides leadership and guidance to the office by fulfilling the OIG's statutory mission and the Inspector General's vision. He oversees all divisions — Investigations, Audits, Inspections and Evaluations, Follow Up and Operations — as they produce oversight reporting on the AOC's programs and operations.

Dr. Rich enjoys gardening, traveling, pets, and learning languages. Fun fact, Dr. Rich has traveled to more than 100 countries but fewer than 30 U.S. states!

## QUARTERLY OIG SNAPSHOT

### Check out our most recent reports:

### Active OIG Engagements by Office/Jurisdiction

## WHAT IS THE OIG?

Most federal agencies have an independent OIG charged with conducting independent audits, investigations, and inspections and evaluations as well as preventing and detecting fraud, waste and abuse. Through audits and evaluations that recommend improvements in operations and investigation of those who abuse the public trust or defraud government programs, the AOC OIG works to ensure the integrity of AOC programs and operations.
