Architect of the Capitol (AOC) Office of Inspector General (OIG)

QUARTERLY NEWSLETTER

ISSUE 2, NOVEMBER 2023

MESSAGE FROM THE INSPECTOR GENERAL

Welcome back to the second issue of *The OIG Quarterly*. We at the OIG rely on the eyes and ears of all AOC employees to help us combat fraud, waste and abuse within the AOC's programs and operations. In this issue, we are highlighting the five tenants of fraud:

- 1. There Will Always Be Fraud** — we must remain vigilant and always on the lookout for fraud.
- 2. Finding Fraud Is a Good Thing** — rooting out problems is positive because it means we are all paying attention and speaking up. Each of us is an American taxpayer.
- 3. There Is One Solution** — stopping, correcting and preventing fraudulent activity is the only solution.
- 4. Fraud and Corruption Are Everchanging** — staying vigilant at all times is the only way to combat fraud.
- 5. Prevention Is the Most Effective Way to Address Fraud and Corruption** — we must work together to uphold and improve AOC policies to prevent fraud from occurring in the first place.

If you come across actual or potential fraudulent activity, speak up! The confidential AOC OIG Hotline is available to you 24/7.

— Christopher Failla, CIG, CFE, AOC Inspector General

FRAUD TRIANGLE

The fraud triangle is a framework used to explain the reason behind an individual's decision to commit fraud.

WHAT IS THE OIG?

Most federal agencies have an independent OIG charged with conducting independent audits, investigations, and inspections and evaluations as well as preventing and detecting fraud, waste and abuse. Through audits and evaluations that recommend improvements in operations and investigation of those who abuse the public trust or defraud government programs, the AOC OIG works to ensure the integrity of AOC programs and operations.
